## Original papers published annualy [in %]

NOTE: Original article is a publication which presents results of authors own research or a case report. Such article must have the "methodology" and "results" sections. Score equivalent to percentage.

**75 pts**

## International papers published annualy

NOTE: Total number of papers of authors outside of the journal’s country of origin, published per year. The first or corresponding author should be affiliated with an institution outside the journal’s country of origin.

**50 pts**

## Total number of papers published per year [max 40 pts.]

NOTE: Only scientific material counts: editorials, original articles, case reports and reviews. Comments, letters-to-the-editor, conference reports DO NOT count into the total number of papers published per year.

**20 pts**

## International Editorial representation [max. 40 pts.]

NOTE: International editorial board member is a person who’s affiliation address is outside of the journal’s origin and the name does not indicate the same ethnic group. Score equivalent to percentage but not more than 40

**40 pts**

## ISI ImpactFactor Value

NOTE: 0 pts
